WHAT IS STANDARD FLOORING?

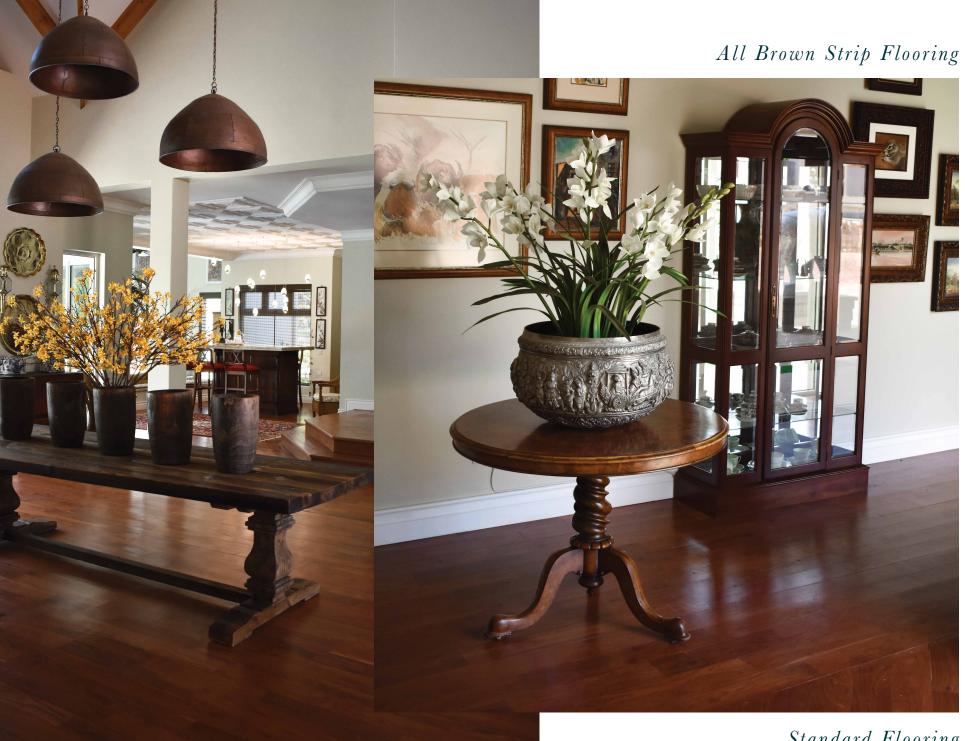

"Standard" flooring is delievered and installed as plain timber. Flooring is then sanded, sealed & varnished on site to ensure that it is seamless in appearance (laid flush)

WHEN TO CHOOSE STANDARD FLOORING?

If you are looking for a more affordable option in comparison to pre-finished flooring.

If your current floor is uneven, this type of flooring allows us to be more flexible when it comes to installation.

Standard Flooring

Lundi Collection

All Brown Flooring

All Brown refers to the appearance of the wood. This type of flooring has no evident colour fluctuation.

The rich brown colour can be toned in a wide range of browns, from the lightest to the darkest of shades.

Mana Collection

BLEACHED TEAK

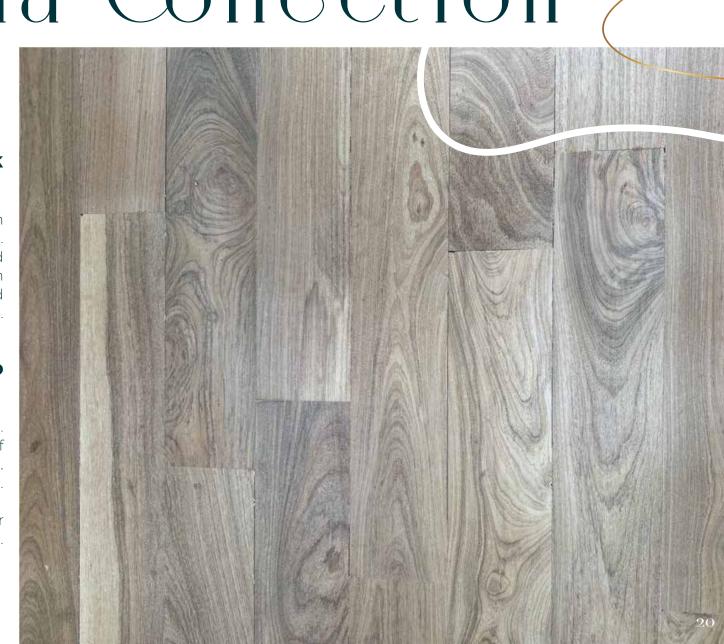

We at Pride Of Africa are pioneers when it comes to product development. We are proud to announce our brand new product range which is made from gorgeous teak which is then lightened using our very own bleaching agent.

THE FIRST OF ITS KIND

This has never been done before.

'Mana' is the result of years of persistence, research and of course, trial and error.

We are so proud of this lighter, brighter version of our best selling product.

Matetsi Collection

Teak Decking

BEST SELLER

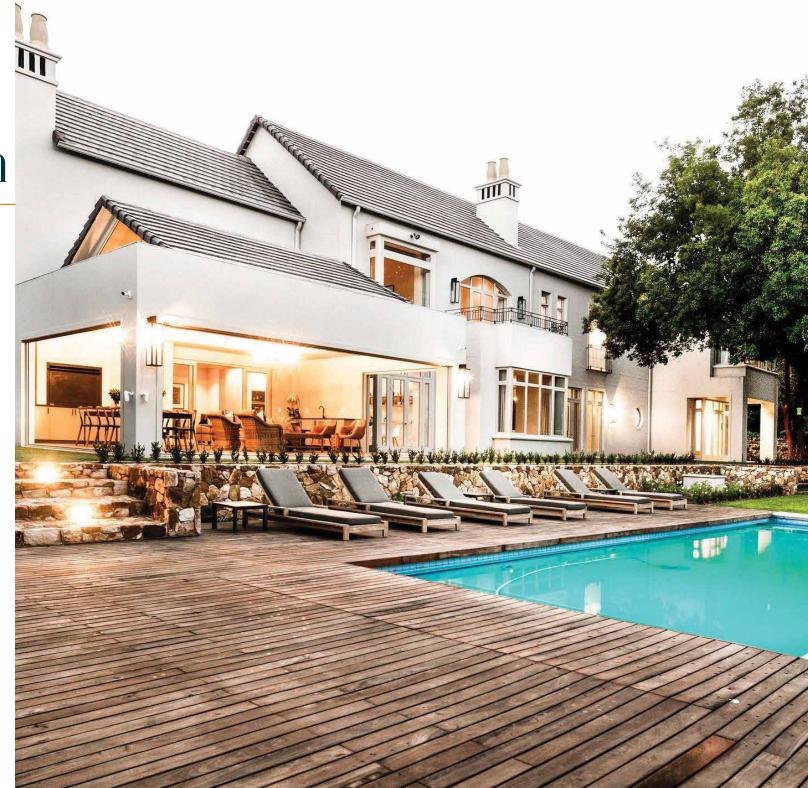

Durability partnered with aesthetics goes a long way!

We offer standard decking which is top screwed as well as non slip decking and easy clip decking, which is screwed from the side.

Our decking can be toned to any shade of your choice with our range of oils and toning equipment.
